

21st November 2023

Dear Householder

Ticehurst Parish Council have been granted funding to clear the stream that runs from Acres Rise through to Farthing Hill.

We will be, from next week, removing the rubbish, clearing the silt from the stream, cutting back undergrowth, leaving the mature trees and making safe any that are dying back from the Ash die-back disease.

There will be a level of noise between 8 am and 4 pm for a few weeks but access to properties should not be affected.

We apologise in advance for any nuisance that might be caused and hope that you will agree that it will make the area much more pleasant for everyone.

Yours faithfully

Ticehurst Parish Council
